MALAYSIA

“Greetings beloved pastor. We got news that Nepal is hit by 7.9 Richter scale earthquake. Do not know whether they are able to contact thee. Edna Pandey informed me that all of them are safe and praying together. She was requesting for prayer. It seems it is damaging and repeating. I tried to call many of them but am not able to reach them. Shalom pastor.” *Gad Dahal, Johor, Malaysia; 25 April.* “Yes, Gad, pray to Jehovah God of Israel for mercy to preserve all our brethren in Kathmandu and elsewhere in Nepal! You contacting them and panicking could absolutely do nothing to keep them! Learn to trust and rest upon the Almighty God of Creation, Redemption and Providence! We are all praying for all their safety and preservation, not just for your contacting your own mummy and your own kinsmen only! Your request shows how peevish, narrow minded and family centred you are! I would not endorse that at all! Grow up Gad! Shalom my young son!” *Pastor, Andes, NY, USA; 25 April.* “Amen and amen pastor. Thanks for your correction. I pray God help me to grow spiritually and I may trust God and His Providence. Shalom my spiritual father and pastor.” *Gad; 25 April*
