Dear Dr Harper

**Re: College Membership**

I am delighted to confirm that we have upgraded your category to Member following your successful completion of the entry requirements to full membership. As a Member, you can access a wide range of benefits and use the post-nominal MRCGP for as long as your subscription fees remain fully paid. We hope that you will take the opportunity to receive your membership certificate at the national event taking place in 2009. If, however you are unable to attend the ceremony we will send your certificate to you in the near future. You are invited to attend a new members' ceremony within the first 12 months of joining and more information on future events will be emailed to you as they are available. Your membership card is enclosed. I am pleased to inform you that any prior access to the ePortfolio, and the information collected therein, will be made available to you as a member of the College so that you may continue to access and use your learning log, continuing your professional development.

The College supports its members in a number of ways and you will find information relating to the College's main areas of activity enclosed in this pack. Every member is attached to a faculty, and your local faculty (Northern Ireland Council) will be in touch shortly to welcome you. If, for any reason, you would prefer to be associated with a different faculty, please let us know (further information about the College's devolved councils and faculties is enclosed).

In accordance with the Data Protection Act 1998 the College is obliged to take all reasonable steps to ensure that the information we hold about you is correct. You may update your profile online should your circumstances, contact details or special interests change, therefore please check the on-line section periodically to ensure that your details are up-to-date and relevant. Comprehensive instructions on how to complete this process are overleaf.

I would like to take this opportunity to welcome you as a Member of the College and hope that you will find Membership a rewarding experience.

Please note that if you have any queries, then you are welcome to contact the Membership Support Department at the address below. They will be pleased to assist you.

Yours sincerely

Paul Newman
